

Understanding the Difference Between Three & Four Time

lesson 4 – page 2/2

11. How many beats are each of these notes? What are their names:

Type of note (symbol			
What is the name of this type of note			
How many beats does note type have?			

12. What is a bar in music? *Please circle correct answer*

- ☐ A way of organising music into small sections, each has the same number of beats
- ☐ A line drawn every few centimetres to tidy up the music
- ☐ The length of the whole piece of music counted in beats

13. What is a time signature? *Please circle correct answer*

- ☐ A way of organising music into small sections, each has the same number of beats
- ☐ A device written at the start of a piece of music to tell us how many beats there are in a bar
- ☐ Equipment we use to help us keep the beat when playing music

14. **Composition Challenge**

Can you compose your own 3 beat rhythm to be played underneath 'Oi Dana' as an ostinato?

Can you sing 'Oi Dana' and clap the ostinato at the same time?

☒ Can you write down your ostinato for your friends to try? *Continue on a separate sheet if needed*

15. Please write down **ONE KEY THING** you have learned today.
