

## Exploring Changes in Metre

lesson 5 – page 2/2

7. What is a time signature for? *Please circle correct answer*

- ☐ It tells you the total time of a piece of music
- ☐ It tells you how many beats in a bar
- ☐ It is a piece of music describing clocks

8. In this piece of music, please draw in where the bar lines should go. Can you clap it out?  
*Remember to count the number of beats and think about what the time signature is telling you.*

9. And please draw in the bar lines on this piece of music. Can you clap the music out?  
*Remember to count the number of beats and think about what the time signature is telling you.*

10. What do you notice about the feel of each of these rhythms in questions 8 and 9?  
*Please explain below.*
