

Seven Days A Week

Monday – we'll have fun day

Tuesday – hear the news day

Wednesday – see some friends day

Half-way through the week

Thursday – 'ums and ers' day

Friday – punch the sky day

Saturday – it won't matter day

Nearly through the week.

When Sunday comes we can have a little rest for one day,

The work is done and the day is free.

Take time to ponder on all the things you've said and done day,

And thank the Lord for another week!
