

WHEN IT'S A SUNNY DAY

1. When it's a sunny day,
It puts a smile on my face.
I'll sing a song to keep me happy,
When it's a sunny day.
2. When it's a windy day,
It blows my troubles away.
I'll chase around to keep me happy,
When it's a windy day.

CHORUS: Today, whatever the weather we can
Make the most of our time.
Today, we're in it together so it
Doesn't matter if the sun won't shine.

3. When it's a foggy day,
It doesn't have to be grey.
I'll find a way to keep me happy,
When it's a foggy day.
4. When it's a rainy day,
(It's going to happen again!)
I'll make a splash to keep me happy,
When it's a rainy day.

CHORUS: Today, whatever the weather we can
Make the most of our time.
Today, we're in it together so it
Doesn't matter if the sun won't shine.

5. When it's a sunny day,
It puts a smile on my face.
I'll sing a song to keep me happy,
When it's a sunny day.
When it's a sunny day.
